Subject: Annual Reports for 2002, Kennecott Utah Copper Corporation

Dear Mr. Hedberg:

Enclosed are the completed annual report forms for the following DOGM permits:

M/035/002	Bingham Pit and UCD Modernization,
M/035/011	4th Line/Copperton Concentrator,
M/035/015	North Impoundment,
M/045/004	Pine Canyon Reclamation Project.

As in last year's reports, all disturbed and reclaimed acreage on the existing tailings impoundment is reported under permit number M/035/002.

In addition to the reclamation activities documented in the attached reports, the following work was conducted by KUCC in the Oquirrh Mountains outside of the DOGM jurisdictional boundaries:

Garfield Waste Water Treatment Plant: Plant demolition complete and 2 acres, contoured and seeded.

RECEIVED

DIV. OF OIL, GAS & MINING

January 31, 2003

Page 2

In 2002 KUCC spent more than \$3,162,000 dollars on reclamation activities within the boundaries of permit #M/035/002. These costs included purchases of seed, fertilizer, surface preparation, seedlings, and planting. They also included maintaining a sprinkler irrigation system for the Magna Tailing impoundment. After correcting for inflation, this equates to more than \$ 1,860,000 spent in 1978 dollars. This is well in excess of the \$50,000 annual expenditure required by permit #M/035/002.

If you have any questions about these annual reports, please contact Jim Kandolin at 569-6208.

Sincerely,

A handwritten signature in cursive script, reading "Paula Doughty".

ANNUAL REPORT OF MINING OPERATIONS

The informational requirements of this form are based on provisions of the Mined Land Reclamation Act, Title 40-8, Utah Code Annotated 1953, as amended, and the General Rules as promulgated under the Utah Minerals Regulatory Program. An operator conducting mining operations under a Notice of Intention must file an annual operations and progress report (FORM MR-AR) with the Division.

I. General Information

1. Report Time Period: From: **1/2002** To: **12/2002**
2. DOGM File Number: **M/035/011**
3. Mine Name: **4th Line/Copperton Concentrator**
4. Mineral(s) Mined (or permitted to mine): **Copper and associated metals.**
5. Type of mine: ☒ Surface Mine or ☐ Underground Mine
6. Legal Description, (Location of Lands Affected):

Section 31T1S, R2W;
Sections 6, 7, 8, 16, 17, 21, 28, 29 & 32.....T2S, R2W;
Sections 5, 6, 7 & 18T3S, R2W;

Salt Lake Base and Meridian, Salt Lake County, Utah

7. Name of Operator or Company: **Kennecott Utah Copper Corporation**
8. Permanent Street Address: **P. O. Box 6001**
 8315 West 3595 South
 City, State, Zip: **Magna, UT 84044**
 Phone: **(801) 569-7596/7120**
 Fax: **(801) 569-6408**

9. Company Representative (or designated operator):

Name: **Paula Doughty**
Title: **Manager, Environmental Affairs and Strategic Resources**
Business Address: **P. O. Box 6001**
City, State, Zip: **Magna, UT 84044**
Phone: **(801) 569-7596/7120**
Fax: **(801) 569-6408**

X Please check if any of the above information has changed since previous year.

II. Mining and Reclamation

1. Was the mine active during the past year? Yes X No

2. If no - what was the last year of activity? *N/A*

3. If yes, how much ore or mineral was mined?

48.7 million short tons of ore were delivered from the mine for process.

4. Briefly describe the type of work performed, volume of material moved, and any new or addition surface disturbance that occurred during the year.

Concentrating and tailings disposal operations continued within the permit boundaries.

5. How much additional acreage was disturbed during the past year?

Eight previously reclaimed acres were disturbed for the temporary ore stockpile associated with the in pit crusher relocation in August, 2002.

6. How much acreage was reclaimed during the past year?

The 8 acres disturbed for the temporary ore stockpile were reclaimed in 2002.

7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

The 8 acres had all process materials removed, were recontoured, had topsoil replaced, were ripped, fertilized and seeded. All reclamation work was conducted during the fall. This reclamation work was performed to revegetate the surface that was occupied by the temporary ore stockpile during the spring and summer.

8. What is the total disturbed acreage of entire project at years end?

Based upon the results of an aerial photographic survey flown on August 5, 1998, the total disturbed acreage within the permit boundaries was 341 acres. Note, the 8 acres disturbed are not added because they were previously disturbed.

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

Concentration of mined ore will continue. No reclamation is planned.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.

No new maps are attached because there have been no significant changes since the previous maps were submitted in 1998.

2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be submitted.

N/A

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.

Name: *Paula Doughty*.

Title of Operator: *Manager, Environmental Affairs and Strategic Resources*

Signature of Operator: *Paula Doughty*

Date: *1/30/03*
